PRODUCT INFORMATION

Ultra-lightweight headband microphone
Beige-coloured, all-purpose headband microphone for adapter systems. This microphone is comfortable to wear, provides an absolutely secure fit and the high-quality back electret cartridge ensures an excellent audio reproduction of presentations and vocals. Thanks to the omnidirectional polar pattern, even a less than perfectly aligned cartridge is no problem. The flexible connection cable features a plug with latching device to ensure a safe connection with the corresponding adapter. Additional connection adapters for devices from other manufacturers are available at option.

- Omnidirectional pattern
- HQ-Back electret capsule
- Jack plug with locking mechanism
- Included adapters for the TXS-...HSE series (3-pole mini-XLR) and JTS pocket transmitters (4-pole mini-XLR)
- Length-adjustable, swivelling cartridge arm
- Drip ring (protects the cartridge from moisture)
- Sweat-resistant, detachable connection cable with 2.5 mm stereo jack (replacement connection cable HSE-70C)
- Optional adapters enable use with equipment from different manufacturers
- External power supply, e.g. via the EMA-1 or EMA-300P phantom power adapters
- Microphone windscreen
