PRODUCTINFOS

Pair of wall/ceiling/corner mount speaker systems, 15 W, 8 Ω

These really universally mountable speakers allow a perfect integration into most versatile indoor mounting positions. Interesting possibilities due to the optional creation of a cluster with 1-4 elements, from ceiling suspension in a corner to a hemisphere of wide radiation in the middle of the wall or ceiling. The sound of the pure white speakers is adjusted in such a precise way that it provides a complete sound of high quality, no matter in which position the speakers are placed.

- White ABS cabinet
- High-quality 10 cm full range speaker
- Variable support and mounting system
